

# NTA CUET/CUCET Syllabus 2023

Those taking the exam should study all courses from the NCERT syllabus for class 12. There are four sections in the syllabus: section 1A, section 1B, section 2, and section 3.

Language questions will be found in Sections 1A and 1B, domain-specific questions in Section 2, and general aptitude questions in Section 3.

According to the announcement, the exam will take place in the first or second week of July 2023. As a result, it is critical to look over the entire curriculum and arrange your preparation accordingly.

## NTA CUET UG Syllabus 2023

### CUET Entrance Exam 2023 [Weighting and Time Allotment]

Sections	Number of questions	Time allotment
Section 1A: Language test	40 out of 50 questions	45 Minutes
Section 1B: Language test		
Section 2: Domain-specific test	40 out of 50 questions	45 Minutes
Section 3: General aptitude test	60 out of 75 questions	60 Minutes

Subjects and the syllabus for class 12 are included in the NTA CUET Syllabus. The admission exam will have four components, according to the CUCET Exam Pattern:

- Section 1A: Language examination
- Section 1B: Language test
- Section 2: Tests that are particular to a domain
- Section 3: Aptitude test (general)

Two shifts will be held for the exam. In the first shift, you must appear for Section 1A (language paper), two domain subjects of your choice, and the general aptitude exam.

The other four domain subjects, as well as an optional language test (Section 1B), will be administered during the second shift.

## **NTA CUET 2023 Syllabus of Language Test (Section 1A & 1B)**

The first section of the CUET Exam 2023 is this. The questions in this area will assess one's language skills based on comprehension passages, grammar foundations, and vocabulary.

You will be graded on your comprehension of a passage and its major idea, as well as the meanings of words used in the passage.

Correcting grammatically erroneous sentences, filling up blanks in phrases with proper terms, and so on are all part of the grammar component.

Questions about synonyms and antonyms will test one's grasp of the English language.

Prepare for Verbal Ability, Part Rearrangement, Correct Word Selection, Synonyms and Antonyms, and Vocabulary.

**Section 1A's list of languages is as follows:**

- Assamese

- Kannada
- Bengali
- Malayalam
- English
- Marathi
- Gujarat
- Odiya
- Hindi
- Tamil
- Telugu
- Urdu

**Section 1 B's list of languages is as follows:**

- Kashmiri
- French
- Konkani
- Spanish
- Bodo
- German
- Dogri
- Nepali
- Maithili
- Persian
- Manipuri
- Italian
- Santhali
- Arabic
- Tibetan
- Sindhi
- Japanese
- Russian
- Chinese
- Sanskrit

## **Syllabus of Domain-Specific Subjects Test NTA CUET 2023**

In this section, you'll be asked questions about the domain-specific topic.

The domain-specific component will consist of 27 subjects from which you must select six domain subjects that you desire to pursue in your undergraduate program or that you believe you are proficient in.

Also, if you're applying to a specific college, look into their subject requirements because you'll have to choose between taking an exam and studying for a specific course.

Improve your Common Universities Entrance Test Preparation by reviewing the detailed curriculum for the domain-specific part in the post below.

- Accountancy
- Biology/Biological Studies/Biotechnology/Biochemistry
- Business Studies
- Chemistry
- Computer Science/ Informatics Practices
- Legal Studies
- Economics
- Engineering Graphics
- Entrepreneurship
- Geography
- History
- Home Science
- Knowledge Tradition and Practices of India
- Environmental Science
- Mathematics
- Physical Education/NCC /Yoga
- Physics
- Political Science
- Psychology
- Sociology
- Teaching Aptitude
- Agriculture
- Mass Media/Mass Communication
- Anthropology
- Fine Arts/Visual Arts (Sculpture/ Painting)/Commercial Arts Performing Arts
- Sanskrit

The domain subjects will be the same for students from any stream who have studied them from Class 12 onwards.

Surprisingly, both the XI and XII sessions' syllabuses can be questioned. To help you prepare, we've highlighted the most relevant elements from the syllabus to condense the context.

## **1 – NTA CUET Syllabus 2023 for Physics**

- Electrostatics
- Optics
- Current Electricity
- Dual Nature of Matter and Radiation
- Magnetic Effects of Current and Magnetism
- Atoms and Nuclei
- Electromagnetic Induction and Alternating Currents
- Electronic Devices
- Electromagnetic Waves
- Communication Systems

## **2 – NTA CUET Syllabus 2023 for Chemistry**

- Atomic Structure
- Polymers
- Organic Compounds Containing Nitrogen
- Chemical Bonding
- Colloids
- Biomolecules
- Chemical Kinetics
- p-Block Elements
- Aldehydes, Ketones, and Carboxylic Acids
- Chemical Equilibrium and Kinetics
- d and f Block Element
- Surface Chemistry
- Chemistry in Everyday Life
- General Principles and Processes of Isolation of Elements
- Alcohols, Phenols, and Ethers
- Electrochemistry
- Solid State
- Haloalkanes and Haloarenes

### **3 – NTA CUET Syllabus 2023 or Mathematics**

- Matrices and types of Matrices
- Order and degree of differential equations
- Equality of Matrices, transpose of a Matrix,
- Formulating and solving differential equations
- Algebra of Matrices
- Determinants
- Random variables and its probability distribution
- The inverse of a Matrix
- The expected value of a random variable
- Solving simultaneous equations using Matrix
- Variance and Standard Deviation of a random variable
- Binomial Distribution
- Higher-order derivatives
- Tangents and Normals
- Random variables and their probability distribution
- Increasing and Decreasing Functions
- Expected value of a random variable
- Maxima and Minima
- Variance and Standard Deviation of a random
- Indefinite integrals of simple functions
- Binomial Distribution
- Evaluation of indefinite integrals
- Definite Integrals
- Application of Integration as the area under the curve

### **4 – NTA CUET Syllabus 2023 for Biology/Biological Studies/Biotechnology/Biochemistry**

- Reproduction
- Genetics and Evolution
- Biology and Human Welfare
- Biotechnology and Its Applications
- Ecology and environment

## **5 – NTA CUET Syllabus 2023 for Accountancy**

- Accounting Not-for-Profit Organisation
- Analysis of Financial Statements
- Accounting for Partnership
- Overview of Computerised Accounting System
- Reconstitution of Partnership Using a Computerised Accounting System
- Dissolution of Partnership Firm
- Accounting Using Database Management System (DBMS)
- Accounting for Share and Debenture Capital
- Accounting Applications of Electronic Spreadsheet
- Analysis of Financial Statements

## **6 – NTA CUET Syllabus 2023 for Business Studies**

- Nature and Significance of Management
- Staffing
- Principles of Management
- Directing
- Business Environment
- Controlling
- Planning
- Business Finance
- Organizing
- Financial Markets
- Consumer Protection
- Marketing
- Entrepreneurship Development

## **7- NTA CUET Syllabus 2023 for Computer Science/ Informatics Practices**

- Exception and File Handling in Python
- Computer Network
- Database Concepts
- Data Handling using Pandas – I
- Structured Query Language
- Introduction to Computer Networks
- Societal Impacts
- Exception and File Handling in Python
- Data Communication
- Stack
- Data Communication
- Queue Database Concepts
- Searching
- Structured Query Language
- Sorting Computer Networks
- Understanding Data
- Data Handling using Pandas – I
- Data Handling using Pandas – 2

## **8 – NTA CUET Syllabus 2023 for Legal Studies**

- Judiciary
- Legal Profession in India
- Topics of Law Legal Services
- Arbitration, Tribunal Adjunction, and Alternative Dispute Resolution
- International Context
- Human Rights in India
- Legal Maxims

## **9 – NTA CUET Syllabus 2023 for Economics**

### **Introductory Microeconomics**

- Consumer Behaviour and Demand
- Producer Behaviour and Supply
- Simple Applications of Tools of Demand and Supply Curves
- Forms of Market and Price Determination

### **ECONOMICS/BUSINESS ECONOMICS-309**

- Determination of Income and Employment
- Money and Banking
- Government Budget and the Economy
- Balance of Payments

### **Introductory Macroeconomics**

- National Income and Related Aggregates – Basic Concepts and Measurement

## **10 – NTA CUET Syllabus 2023 for Legal Studies**

- Judiciary
- Legal Profession in India
- Topics of Law
- Legal Services
- Arbitration, Tribunal Adjunction, and Alternative Dispute Resolution
- International Context
- Human Rights in India
- Legal Maxims

## **11- NTA CUET Syllabus 2023 for Engineering Graphics**

- Isometric Projection of Solids
- Isometric Projection of Solids

## **12- NTA CUET Syllabus 2023 for Entrepreneurship**

- Entrepreneurial Opportunity
- Entrepreneurial Planning
- Enterprise Marketing
- Enterprise Growth Strategies
- Business Arithmetic
- Resource Mobilization

## **13 – NTA CUET Syllabus 2023 for Sanskrit**

Questions from the Language Section will cover, but are not limited to, the following topics:

- Reading Comprehension:
  - There will be three types of passages (maximum 300-350 words):
  - Factual
  - Narrative
- Verbal Ability
- Rearranging the parts
- Choosing the correct word
- Synonyms and Antonyms
- Vocabulary

## **14 – NTA CUET Syllabus 2023 for History**

- The Story of the First Cities Harappan Archaeology
- Religious Histories: The Bhakti-Sufi Tradition
- Political and Economic History: How Inscriptions tell a story
- Medieval Society through Travellers' Accounts
- Social Histories using the Mahabharata
- Colonialism and Rural Society: Evidence from Official Reports
- A History of Buddhism: Sanchi Stupa
- Representations of 1857
- Agrarian Relations The Ain-i- Akbari
- Colonialism and Indian Towns: Town Plans and Municipal Reports
- The Mughal Court: Reconstructing Histories through Chronicles
- Mahatma Gandhi through Contemporary Eyes
- New Architecture: Hampi

- Partition through Oral Sources
- The Making of the Constitution

## **15 – NTA CUET Syllabus 2023 for Home Science**

### **1. Human Development: Life Span Approach**

- Nutrition for Self, Family, and Community

### **2. HOME SCIENCE-315**

- Money Management and Consumer Education
- Apparel: Designing, Selection, and Care
- Community Development and Extension
- Career Options after Home Science Education

## **16 – NTA CUET Syllabus 2023 for Knowledge Tradition and Practices of India**

- Agriculture: A Survey
- Dance: A Survey
- Education Systems and Practices: A Survey
- Architecture: A Survey
- Ethics: Individual and Social
- Martial Arts Traditions: A Survey
- Language and Grammar
- Other Technologies: A Survey

## **17 – NTA CUET Syllabus 2023 for Environmental Science**

- Human Beings and Nature
- Population and Conservation Ecology
- Monitoring the atmosphere: techniques.
- International and national air quality standards.
- Monitoring Pollution
- Water testing: indicators of water quality.
- Third World Development
- Soil testing: indicators of soil type and quality and laboratory work.
- Urban-rural divide
- Definition of Development

- Colonial influence
- Green Revolution
- A case study of the Gandhian approach in terms of its aims and processes.
- Sustainable Agriculture
- Irrigation systems

## **18- NTA CUET Syllabus 2023 for Geography**

### **Human Geography: Nature and Scope**

- Human Activities
- People
- Transport, Communication, and Trade

### **India: People and Economy**

- Human Settlements
- Resources and Development
- Transport, Communication, and International Trade
- Geographical Perspective on Selected Issues and Problems
- 

## **19 – NTA CUET Syllabus 2023 for Physical Education/ NCC /Yoga**

- Sociological Aspects of Physical Education
- Tournaments and types of tournaments
- Training Methods
- Sports Injuries and First Aid
- Advantages of warming up, conditioning, and cooling/limbering.
- Test & Measurement in Sports
- Career Aspects in Physical Education
- Test & Measurement in Sports
- Health Education & Health Problems
- Career options in Physical Education Psychology & Sports
- Important institutions of Physical Education in India
- Tournaments and types of tournaments

## **20 – NTA CUET Syllabus 2023 for Psychology**

- Variations in Psychological Attributes
- Self and Personality
- Meeting Life Challenges
- Psychological Disorders
- Therapeutic Approaches
- Attitude and Social Cognition
- Social Influence and Group Processes
- Psychology and Life
- Developing Psychological Skills

## **21 – NTA CUET Syllabus 2023 for Political Science**

- Variations in Psychological Attributes
- Self and Personality
- Meeting Life Challenges
- Psychological Disorders
- Therapeutic Approaches
- Attitude and Social Cognition
- Social Influence and Group Processes
- Psychology and Life
- Developing Psychological Skills

## **22 – NTA CUET Syllabus 2023 for Sociology**

- Structure of Indian Society
- Social Change and the Economy
- Social Institutions: Continuity and Change
- Social Change and the Polity
- Social Inequality and Exclusion
- Arenas of Social Change
- The Challenges of Unity in Diversity
- New Arenas of Social Change
- Social Movements

## **23 – NTA CUET Syllabus 2023 for Teaching Aptitude**

- General Education
- Teaching of Languages
- Teaching of Social Sciences
- Teaching of Sciences
- Teaching of Mathematics
- The teaching of Fine Arts
- The teaching of Performing Arts
- The teaching of Physical Education & Yoga

## **24 – NTA CUET Syllabus 2023 for Mass Media/Mass Communication**

- Communication
- Journalism
- Cinema
- TV
- Radio
- Social Media
- New Media

## **25 – NTA CUET Syllabus 2023 for Anthropology**

- PhysicalAnthropology
- PrehistoricArchaeology
- Material culture and economic anthropology
- Material culture and economic anthropology
- Ecology

## **26 – NTA CUET Syllabus 2023 for Fine Arts/Visual Arts (Sculpture/ Painting)/Commercial Arts**

- Unit 1: The Rajasthani and Pahari Schools of Miniature Painting
- Unit 2: The Mughal and Deccan schools of miniature painting
- Unit 3: The Bengal School and Cultural Nationalism
- Unit 4: The Modern trends In Indian Art

## **27 – NTA CUET Syllabus 2023 for Agriculture**

- Agrometeorology, Genetics, and Plant Breeding, Biochemistry and Microbiology
- Livestock Production
- Crop Production
- Horticulture

## **NTA CUET General Aptitude Syllabus 2023**

The general aptitude test question paper is based on the following disciplines, according to the CUET 2023 Syllabus:

- Current Events & General Knowledge
- Mental Capacity in General
- Ability to work with numbers
- Quantitative Reasoning (taught till Grade 8) is the simple application of basic mathematical ideas such as arithmetic, algebra, geometry, mensuration, and statistics.
- Analytical and Logical Reasoning

The general aptitude test will have 75 questions in total. You must answer 60 questions in 60 minutes out of a total of 120 questions.

# NTA CUET/CUCET Syllabus FAQs

Q: Is the CUET 2023 syllabus the same for undergraduate and graduate programs?

A: No. The CUET syllabus will differ for both UG programs.

Q: Who sets the exam syllabus for the CUET 2023?

A: The National Testing Agency will be in charge of determining the CUET Entrance Exam 2023 syllabus.

Q: Is it possible to finish the CUET course in one month?

A: Yes. It is possible to complete the NTA CUET 2023 Syllabus in one month with good preparation.

Q: What is the CUET/CUCET syllabus?

A: You will be tested on your language skills, domain-specific knowledge, General Knowledge & Current Affairs, General Mental Ability, Numerical Ability, Quantitative Reasoning (Simple application of basic mathematical concepts arithmetic/algebra geometry/mensuration/statistics taught until Grade 8), Logical and Analytical Reasoning, and Logical and Analytical Reasoning in the CUET.
